Resume

I have been working in an industry sector as metrologist for more than 5 years. I love to evolve and be better professionally and i discovered Web Development. I discovered a new world of possibilities and creativity. This is very challenging and grateful for your own.

Because of that, almost 3 years i started to study Web Developer passionately in an Academy from Spain, Ilerna online. I was studying online while i was working in my full time job. I feel that i needed specialize more skills and i enrole to myself in IronHack web development while i was ending my studies of Ilerna. There, in IronHack, i evolved to a Full-Stack Developer and learn MERN stack technologies (MongoDB, Express, React, NodeJS).

I am very proud of this success in my way.

Currently, I'm working as a metrologist in Inmapa Aeronáutica S.L. but i'm very motivated to explore this new way. I'm eager to keep learning about web development and gonna be more expert!

¿My hobbies? I am a hearty traveler and a sport lover.

If you have any questions that I can help with, please feel free to reach out here on LinkedIn or or contact me directly at daniel.abad.noriega@gmail.com. I look forward to speaking with you!

Experience
